## **Performance Evaluation Form**

**Steel Erection** 

29 CFR 1926.750-.761

| Effective Date | 21-Oct-19 | Course Code | SE |
|----------------|-----------|-------------|----|

### Perform, Explain, Simulate, Demonstrate, or Observe the following:

#### Overview:

The Performance Evaluation is designed as one method to evaluate job skills and safe work habits of the course participant. This helps foster the participants psychomotor skills, as well as their cognitive knowledge levels, thus providing for a more thorough learning experience. The **Evaluator** must meet certain qualifications such as possessing technical knowledge/skills related to evaluation, have equivalent certifications, related experiences, performed self study, or have applicable academic credentials. The evaluation CAN BE self certified if student possesses any of the evaluator qualifications for the topic matter. If the course or exam is proctored or supervised, please sign as a course **Moderator**.

### Instructions:

- 1. Student should complete name and Student ID # identifying him or herself on the Performance Evaluation.
- 2. Student shall perform, explain, simulate, demonstrate, or observe the following presented skills.
- 3. Evaluator should observe/evaluate completion of skills as part of an assessment. (see evaluator credentials)
- 4. Evaluator should possess technical knowledge/skills related to evaluation, have equivalent certifications/experiences, completed self study, or have applicable academic credentials.
- 5. Upon completion of each activity the evaluator should sign and date in the box next to the skill assessed.
- 6. Student should maintain the performance evaluation with their certification.
- 7. Completion of the Experidoc Performance Evaluation should be done prior to taking the ExperiDoc objective summative examination in the Certification Portal.
